

## Supporting international children receiving heart treatment in Jacksonville, Florida

In 2017 our twins, Caroline + Will, were exposed to a virus that put them in the Pediatric Intensive Care Unit at our local children's hospital, Wolfson Children's Hospital. Thankfully, we are blessed to live in a city where we had access to specialized medical care for our children when they needed it most. Will passed away after 96 days due to heart failure caused by the devastating effects of the virus. We started The Will King Foundation to support children who need heart treatment, just like Caroline + Will, but have no access to specialized healthcare in their home countries.

### *Our Mission*

Our mission is to support children from developing countries who are receiving life-saving heart treatment in Jacksonville, FL. We work with a highly-respected local organization, Patrons of the Hearts, which was started by Will + Caroline's cardiologist.

Worldwide, Congenital Heart Disease (CHD) is the most common of all human birth defects. 1 child out of every 100 is born with CHD. It can be life-threatening, but it is highly treatable and can often be corrected by operations which are performed as a matter of routine in the developed world.

85% of children in the developing world don't have timely access to the heart care that would save their lives. Left uncorrected, these defects can cause considerable suffering and premature death. The lack of facilities, medications and qualified physicians make it difficult to perform these treatments in developing countries.

### *Gather + Give*

Gather + Give is our family-friendly annual fundraising event where our Jacksonville community gathers together in support of children from developing countries receiving heart treatment in our city. Your partnership at Gather + Give makes a significant difference in our ability to accomplish our mission throughout the year. We are truly grateful for your thoughtful consideration of our 2022 sponsorship opportunities.

#### Your sponsorship of Gather + Give will:

- Extend our impact for generations to come by supporting the establishment of an endowment to fund a professorship in international pediatric cardiology through the Baptist Health Foundation at Wolfson Children's Hospital.
- Support the medical treatment of international children who come to Jacksonville for cardiac care through Patrons of the Hearts.
- Cover costs such as medications, supplies and housing fees for the child and their family to stay at The Ronald McDonald House while in Jacksonville for treatment.
- Help cover the cost of new echocardiography machines to use for screening and monitoring patients in developing countries, as well as upgrades to telemedicine equipment which allows local cardiologists to monitor pediatric patients overseas.

Fati, 2021 sponsored child from Togo, Africa.

# 2022 Gather + Give Sponsorship Opportunities

## Will Sponsor

**\$96-499**

- Two tickets to Gather + Give
- Company logo or family name on sponsor sign
